EXPERIENCE

The Daily Benji | dailybenji.com   **Miami, FL**
Co-Founder   *May 2025 - Present*
- Built and launched an innovative personal finance tool for consumers to track spending patterns, using an "email-first" approach for reporting and spending insight summaries
- Built email parsing system in Ruby on Rails that extracts transaction data from bank alert emails using custom regex patterns for major financial institutions
- Developed a full stack platform using PostgreSQL database, RESTful API, user management dashboard, and automated email delivery system; leveraged AI tools to accelerate development timeline
- Executing customer discovery and beta testing program to validate product-market fit

Ekanta Wealth Advisors   **Miami, FL**
Summer Analyst   *Jul 2025 - Aug 2025*
- Constructed 5 risk-adjusted model portfolios for multi-family office ($280M+ AUM) using Koyfin and Reuters Eikon; distributed twice-daily market updates covering price levels, market news, and firm holdings
- Analyzed redundancies across multi-account bond fund portfolios and recommended consolidation strategies; evaluated fund compositions for client risk rating compliance
- Updated equity research database with analyst target prices and upside calculations; presented buy/sell recommendations to CIO and participated in client meetings to pitch holdings
- Participated in sessions with fund managers pitching investment opportunities in private equity, private credit, and real estate funds

Proprietary Trading | Digital Assets   **Miami, FL**
Freelance Crypto and NFT Trader   *Aug 2021 - Jan 2023*
- $60,000 profit from $300 seed capital (200x return). Executed thousands of trades; trading volume $1.9M+
- Identified and systematically exploited recurring market patterns, developing strategies that consistently generated alpha during multiple market cycles
- Used Nansen data analytics platform and automated trading software to conduct research, identify whale movements, and capture market inefficiencies
- Applied disciplined risk management; leveraged networking groups to identify early opportunities
- Managed and allocated capital across 100+ individual wallets over multiple blockchain networks

Coconut Grove Sailing Club   **Miami, FL**
Youth Sailing Coach and Competitive laser sailor   *April 2021 - Jan 2024*
- Taught sailing skills and led young sailors (ages 6-17) on Laser and Optimist sailboats during summer camps.
- Managed 100+ children weekly, providing instruction and ensuring the camp ran smoothly.
- Attended all day practice on weekends and participated in local and state regattas.
